RE: OFFICIAL COMPLAINT

Board Members:

We are part of a group who has been researching the 2020 General Election. Our research has prompted a larger comprehensive investigation, including a citizen’s audit. Our efforts are in pursuit of verification, accountability, transparency, and the implementation of logical protocols. This complaint is another evidence-based matter that requires your attention.

UNCERTIFIED ELECTION-DAY POLL CLOSING TAPES

Poll tapes are the legally recognized hard-copy representation of the ballots scanned and votes counted on a ballot scanner. The poll tape certification is vital in that it assigns human accountability and verification to an electronic process. The signatory affirms that the numbers represented on the poll tape are true and correct to the best of their knowledge.

In all manner of life, no matter if it’s personal, business or governmental, anything important requires the verification and approval of a signature. Without the signature, the document means nothing. No matter if it’s a check, contract or affidavit. Even when a citizen registers to vote, a signature is required. Therefore, a signature should be equally important for those entrusted with counting our votes. The signing of the poll tapes also serves as a measure preventing fraudulent tapes from being produced. It is under this

fundamental logic, rationale and SEB Rule that we submit this complaint.

Fulton County provided Election Day poll closing tapes in response to an Open Records Request. From those records we were able to ascertain that 58 of the Election Day poll closing tapes were unsigned (A true and correct copy of the unsigned Election Day poll closing tapes are attached hereto as “Exhibit A”; A true and correct copy of the certification from the Fulton County Custodian of Records is attached hereto as “Exhibit B”). The aforementioned is in direct violation of:

Ga. Comp. R. & Regs. 183-1-12-.12 *The poll manager and the two witnesses shall cause each ballot scanner to print three tapes of the tabulated results and shall sign each tape indicating that it is a true and correct copy of the tape produced by the ballot scanner. If the poll manager or the witnesses have reason to believe that printed tapes are not a true and correct tabulation of the ballots scanned by that ballot scanner, the poll manager or witness shall document the reasons and evidence for that belief and inform the election superintendent, who shall take appropriate action, in his or her discretion, so that the ballots in the ballot box associated with the ballot scanner are accurately tabulated.*

For violation of the State Election Board Rules and Regulations detailed above, we are seeking the following relief:

1. Seek and provide alternate authentication for the results of the unsigned ballot scanner poll closing tapes in the form of paper ballots, recap sheets, etc.
2. Order Fulton County to amend and recertify their election results to reflect those ballot scanner poll closing tape results that cannot be verified.
3. Amend the SEB Rules and Regulations to reflect a proper penalty for future violations.

Respectfully submitted,

Kevin M. Moncla

David A. Cross

SENT VIA EMAIL:

Dear Kevin Moncla:

This correspondence is in response to your Open Records Act Request Reference#: R008635-120121 dated December 01, 2021. Your request sought the following:

Please provide all Tabulator Poll Tapes for the 11/3 2020 General Election, advanced voting.

After reviewing the aforementioned request, we have identified responsive records. Records that were previously discussed are available electronically, you will not be charged.

Fulton County has uploaded the response records to your request to the portal. You can log into the system at [Open Records Center](#).

Please feel free to contact me at if you have any questions.

Sincerely,

Mariska Bodison

Please provide all Tabulator Poll Tapes for the 11/3 2020 General Election, including those used for advanced voting and Logic and Accuracy Testing.

After reviewing the aforementioned request, we believe we may have responsive records. As permitted by O.C.G.A. § 50-18-71(c), a fee will be charged to cover the administrative costs associated with the time spent searching for, retrieving, redacting, and supervising access to the requested documents. The fee represents the hourly rate of the lowest paid full-time employee(s) with the necessary skill and training to respond to your request. However, no charge will be made for the first fifteen minutes of staff time expended in complying with your request. Unless otherwise provided by law, the charge for copies is generally \$0.10 per page, as permitted by O.C.G.A. § 50-18-71(c).

Because this amount is in excess of \$500, we will delay producing said records until such time as you pay the estimated costs. You may do so forwarding a check, payable to Fulton County, to the attention of Steven Rosenberg, at the address above. The estimated cost for search, retrieval, and copying of the responsive records is \$15,800.00. This amount includes the following fees listed below:

Advanced voting poll tapes was done for a previous request and these will be uploaded as soon as they are located.

L&A Testing polls tapes will be at a cost for personnel for completions.

7 Personnel for completion
14-21 business days.

It is anticipated that responsive records can be made available by December 08, 2021.

Finally, please be advised that certain requested documents, or portions thereof, have been redacted pursuant to the Georgia Open Records Act. Specifically, the following records may be exempted or redacted:

Please feel free to contact me at if you have any questions.
